### **Around the Club House**

Fall is approaching and the staff at Yarmouth Golf continues to make improvements and upgrades to both courses. Things are always changing such as:

- New merchandise with our new logo design arriving in our golf shops

- Staff working on a new website that will include professionally taken photos of each hole
- Online E-Gift cards will be rolled out soon, this will let you email a gift card in any amount you want.
- The Bass River Grille patio has been prepared for Fall by adding a new firepit and several patio heaters (along with great food)!
- And last but most exciting is the return of the Bayberry Shuttle! New to our fleet of carts we have added a shuttle to bring you back and forth from the bottom parking lot. The schedule will be posted soon although employee Steve Hurley looks ready to go!

## Aeration Schedule

Despite mother nature providing us with rain we were still able to complete aeration of tees and fairways at both courses. This process will help the turf

recover this fall considering current drought conditions we are experiencing. We are still planning to aerate greens right after Columbus Day:

**October 17th and 18th - Bass River (closed both days)**  
**October 19th, 20th & 21st - Bayberry Hills (9 holes closed each day)**

*Note: Aeration may be delayed a day or two depending on weather*

And last but not least, thank you to all the employees that get up early and go home late to keep our courses running. On Saturday, August 20th, employee Cheryl St. Onge was greeted with this awesome view:
